

# 2-DAY UBC OHS WSH COURSE

Certificates  
Issued:

Course  
Completion

## Program Description:

This program is intended for UBC members who are on a career track to superintendent or other senior supervisory positions. It presents Occupational Health and Safety (Saskatchewan) or Workplace Safety and Health (Manitoba) perspectives from how a superintendent or senior supervisor would need to understand the applications. As noted, there are two versions of the course, one for Saskatchewan residents and one for Manitoba residents, to respect variations in each provinces' legislation.

This program includes the following topics:

- Legislated Training Requirements
- Regulations Regarding Supervisors
- Safety Committees - Regulations, Minutes & Directives
- Safety Meetings
- Job Hazard Assessment, Site Inspection & Analysis
- Bullying, Harassment & Violence
- Leadership: Taking a Stand
- Organizational Culture & its Impact in the Workplace
- safety Inspections
- Incident Investigations - Investigate Procedures & Reporting
